

Zoom / Focus Gear

Item number 5509.71

Included in the Box

- Extension Ring
- Zoom Gear Sleeve
- Clamp

Installation and Use

Installing the Gear Sleeve, Extension Ring & Clamp

1. Place the zoom gear sleeve into the lens port mount opening with the gear teeth toward the inside of the housing.

2. Place the gear retainer into the opening around the gear.
3. Tighten the retainer by turning clockwise with the tool until snug. Do not overtighten.

4. Add the included extension ring to the zoom gear sleeve.

5. Attach the included clamp to the focus gear of the lens as shown.
6. Line up red dot on the lens with the red dot on the camera.
7. Rotate lens focus ring until clamp projections line up with the slots in the extension ring.

8. Bayonet the lens onto the camera body.
9. Push clamp down on the lens clamp projections mate with the slots in the extension ring.
10. Rotate housing zoom/focus knob to check focus function.
11. Install lens port.

Limited Warranty

This Ikelite product is warranted against any manufacturing defects for a period of one (1) year from the original date of purchase. To obtain warranty service, the product must be returned to Ikelite postage paid. Ikelite will, at its sole discretion, repair or replace such products, and will return to customer postage paid. All other claims of any nature are not covered. Except as mentioned above, no other warranty expressed or implied applies to this Ikelite product.
